

<u>Pyrotechnica I</u> October 1977	
Introduction	2
Cut Star Making, a system and it's uses. (Jim Stone)	4
Zinc Stars (Robert Cardwell)	9
Lead Dioxide: It's Uses in Pyrotechny (Jim Stone)	11
Reactions (letters to the editor)	14
Pyrochemica (Woodruff on Aluminum Flash)	16
Final Reports	20
<u>Pyrotechnica II</u> February 1978	
The Pyrotechnic Phenomenon of Glitter (Robert Winokur)	1
<u>Pyrotechnica III</u> May 1978	
Letter from the Editor	2
Reactions	3
Electric Spreader Stars (Joel Baechle)	10
Mixing Pyrotechnic Ingredients with a Ball Mill (J.B. Barkley)	13
Abstracting the <u>Chemical Abstracts</u> (J.W. Stone)	18
Book Review: Reilly's Explosives, Matches, and Fireworks (J.W. Stone)	21
Pyrochemica: Some Observations of Aluminum Flash Pt II (L.S. Woodruff)	23
<u>Pyrotechnica IV</u> October 1978	
Pyrographs (editorial)	3
Reactions (reader letters)	4
Book Review: Takeo Shimizu, <u>Feuerwerk von physikalisch Standpunkt aus</u>	9
Lead Nitrate as an Oxidizer in Black Powder Compositions (J.B. Barkley)	16
Ammonium Perchlorate Red Stars (Sam Bases)	19
Titanium Sparklers - A "How-To Approach" (Bruce Snowden)	23
Ideas toward the Design of the Ideal Firecracker (Howard Davis)	25
Abstracting the <u>Chemical Abstracts</u> (Jim Stone)	28
<u>Pyrotechnica V</u> October 1979	
Letter from the Editor	2
Reactions (reader feedback)	3
Strobe Light Pyrotechnic Compositions (Robert Cardwell)	6
Book Review: <u>Perchloric Acid and Perchlorates</u> (J.W. Stone)	24
James Cutbush: An American Pyrotechnist (J.B. Barkley)	25
Review: Chapter 15 of Takeo Shimizu's <u>Feuerwerk vom Physikalischem Standpunkt Aus</u> (J.W. Stone)	27
Making a Rocket Wheel (Bonnie D. Oglesby)	30
Some Observations on Aluminum Flash (Lloyd Scott Woodruff)	37
Classified Advertising Section	43
<u>Pyrotechnica VI</u> July 1980	
Reactions (reader feedback)	2
Studies on Blue and Purple Flame Compositions (Takeo Shimizu)	5
Purple Fire (Robert Winokur)	21
Classified Advertising	32

Pyrotechnica VII May 1981

Reactions (reader forum and feedback)	2
The Physics, Chemistry, and Perception of Colored Flames (K.L. Kosanke)	5
Fireworks and Festas in Malta (Emmanuel Farrugia)	21
Green and Other Colored Flame Metal Fuel Compositions using Parlon (Troy Fish)	25
Literature and Books in Review	38
Classified Advertising	44

Pyrotechnica VIII June 1982

Reactions (reader feedback)	2
Studies on Strobe Light Pyrotechnic Compositions (Takeo Shimizu)	5
Taming Triangle Diagrams (Ken L. Kosanke)	29
Literature and Books in Review	35
Corrigenda	42
Classified Advertising	44

Pyrotechnica IX April 1984

Tribute to Jimmy Grucci	(inside cover)
From the Publisher (Robert G. Cardwell)	2
Reactions (reader forum and feedback)	4
Traditional Cylinder Shell Construction, Part 1 (A. Fulcanelli)	7
The Pyrotechnics Guild International (M.P. Vander Horck)	35
The Physics, Chemistry, and Perception of Colored Flames, Part II (K. Kosanke)	42
Roadside to State Fairs: Fifty Years of Fireworks (Jim Wommack)	55
Literature and Books in Review	60
Classified Advertising	64

Pyrotechnica X August 1985

From the Editor (Rev. Ronald Lancaster)	(inside cover)
Reactions (reader forum and feedback)	2
Those Were the Days-A Fireworks Photo Album (Jim Wommack)	4
Studies on Microstars (Takeo Shimizu)	5
Brief Historical Sketch of the Development of Pyrotechnics in Russia (A.A. Shidlovskii)	33
Determination of Height of an Explosion in Air (Jerry G. Taylor)	36
Rocket Stability (Frederic L. Leinhard)	40
Literature and Books in Review	55

Pyrotechnica XI June 1987

From the Editor (Michael S. Swisher)	(inside cover)
Reactions (reader forum and feedback)	2
Traditional Cylinder Shell Construction, Part II (A. Fulanelli)	5
The Pyrotechnic Whistle and it's Applications (Selcuk Oztap)	49
A Maltese Fireworks Photographic Exhibition (Emmanuel Camilleri)	55
Electrical Firing of Musically Choreographed Fireworks Aerial Displays (Kosanke)	58
Addendum	77
Literature and Books in Review	78

Pyrotechnica XII June 1988

From the Editor (Peter G. Budarick)	(inside cover)
From the Publisher (Robert G. Cardwell)	2
Studies on Firefly Compositions (Aluminum-Charcoal Type) (Takeo Shimizu)	3
The "Niagra Falls" Set Piece (Michael S. Swisher)	19
Star Pumps (David L. Pederson)	22
Of Fireworks and Stones (Chris Philip, Wilf Scott, Andrew Smiley)	31
Literature and Books in Review	36

Pyrotechnica XIII August 1990

A Tribute to the Memory of Dr. Alexander P. Hardt (Takeo Shimizu)	(inside cover)
From the Publisher (Robert G. Cardwell)	2
Reactions (reader forum and feedback)	7
Studies on Mixtures of Lead Oxides with Metals (Magnalium, Aluminum, or Magnesium) (Takeo Shimizu)	10
The Pyrotechnics Whistle and it's Applications, Part 2 (Selcuk Oztap)	19
Chinese Multitube Fireworks Design and Construction, Part 1: Parachute Battalion	22
Some Esoteric Firework Materials (Clive Jennings-White)	26
The Knox Pyroballets, 1988 (Barry Sturman)	33
Japanese Hand-made Cracker Units (Jeremy Clayre)	51
Literature and Books in Review	57

Pyrotechnica XIV August 1992

Some Reflections on Roman Candles (Rev Ronald Lancaster)	(inside cover)
Reactions (reader forum and feedback)	4
Investigation of the Pyrotechnic Glitter Phenomenon Part I (Takeo Shimizu)	9
Investigation of the Pyrotechnic Glitter Phenomenon Part II (Takeo Shimizu)	21
Lead-free Crackling Microstars (Clive Jennings-White)	30
Blue Strobe Light Pyrotechnic Compositions (Clive Jennings-White)	33
Computer Modeling of Aerial Shell Ballistics (K.L. and B.J. Kosanke)	46
Firework Manufacture in Argentina (Jorge Ferrando)	58
Literature and Books in Review	70

Pyrotechnica XV August 1993

Thoughts on the Evolution of Firework Art (Peter G. Budarick)	(inside cover)
Reactions (reader forum and feedback)	2
Lancework – Pictures in Fire (B.J. and K.L. Kosanke)	7
Nitrate Colors (Clive Jennings-White)	23
Sensitivity Tests on Crackling Noise Compositions of Magnalium - Metal Oxide (Hideo Hatano)	29
A New Method for the Production of Blue Strobe Stars (Eric McCaskie)	35
A Photometric Method of Analysis for Pyrotechnic Color Compositions (Christina Leeflang)	46
Literature and Books in Review	58

Pyrotechnica XVI (August 1995)

Lars Barfod's "Danish Fireworks"	(inside cover)
Reactions (reader forum and feedback)	2

C. Jennings-White's "Hygroscopicity and Double Decomposition of Pyrotechnic Oxidizers"	11
R. Wharton and H. J. Slater's "Further Studies of the Noise Levels Produced by Fireworks"	20
S. Partin's "Vibrational Whistle Rockets: A Study of Catalyst Selection on Performance"	30
T. Shimizu's "The Omagari Firework Festival"	35
J. Toker's "Experimental Evaluation of Pyrotechnic Whistle Compositions"	38
Per Alenfelt's "Corrosion Protection of Magnesium without the Use of Chromates"	44
S. Myatt's and R. Wharton's "A Survey of Factors Relating to the Use of Mortars at Firework Displays in the United Kingdom"	50
Literature and Books in Review	57

Pyrotechnica No XVII (November 1997)

Myke Stanbridge On pyrotechnics in cyberspace, projectiles, tracers, mortar specifications and clearances, shell lifting charges, rocket sizing, shot shell rocket motors, plant gums (including calo resin, yacca, accroides, and red gums)	(inside cover)
"A Systematic Study of the Performance of Charcoals in Pyrotechnic Compositions" by Roger O'Neill (charcoals are tested in black powder and comets)	10
"Lithium, Boron, and Calcium" by Clive Jennings-White and Steve Wilson (the use of these elements in colored stars, glitter stars, and "liquid colors")	24
"A Selection of Spot Tests for Qualitative Analysis of Pyrotechnic Compositions" by Steve Majdali (spot tests to detect common pyrotechnic chemicals and compositions)	30
"We Did it Our Way"--The Kimbolton Approach to Large Displays" by Tom Smith (descriptions of very large London and Montreal displays and techniques)	34
"The Flower Pot Fountain: Application of Modern Formulation Techniques to a Classic Effect" by Bruce Blom (how to make the lampblack-based "flower pot effect" fountain, similar in effect to "senko hanabi")	44
Literature and Books in Review	55
